

ASBESTOS AWARENESS CERTIFICATION

The undersigned does hereby acknowledge that he/she has been given the appropriate brochure, “*Asbestos and Demolition*”, and made aware of the requirements of the Department of Natural Resources, Land Protection Division, in regard to the inspection and removal of asbestos, both friable and non-friable, lead paint, and other related asbestos and lead paint contaminants utilized in the construction of commercial or industrial buildings and residential housing structures within the last century.

A “*Project Notification for Asbestos Renovation, Encapsulation, or Demolition*” application is required by Georgia Law to be completed and filed with the Georgia Environmental Protection Division a minimum of ten days prior to the scheduled demolition or renovation of any structure described above. Georgia Law also requires both the owner and the demolition or renovation contractor to assure that the suspect building has been thoroughly inspected by an *accredited asbestos inspector* for materials that contain asbestos and further requires notification to the Department of Natural Resources, Land Protection Division, even if no asbestos was found present in the building. Additional information and reporting forms are available from the EPD website at www.dnr.state.ga.us/dnr/environ .

The City of Lavonia will not issue any Demolition or Building Permit until all assurances and abatements have been thoroughly satisfied and approved by the Building Inspector.
